

Mission Statement
of the
NORTHERN COLORADO DOULA ASSOCIATION

Our mission is to integrate the spectrum of doulas and birth professionals in Northern Colorado as a community that aims to educate, support and provide networking among our members; be the source of community liaisons, outreach and education for the public; and be an agent of change to improve pregnancy, birth and postpartum outcomes in our community.

Vision Statement: To see all persons and families be well supported, well informed, & empowered as active participants in care through transitions of pregnancy and early parenthood in all of its' forms.

Goals

1. To spread awareness of the doula profession to the public
2. To connect birthing persons and families with a team of birth professionals and resources
3. To create community networking opportunities for all birth professionals
4. To bring advanced educational opportunities for birth professionals in the community
5. Bring education and awareness of resources and options for birthing families and persons to the public
6. Be a source of advocacy in the community for improving birth in the community
7. To make doulas accessible to all families
